

AVAILABLE IN AUSTRALIA

This product is a portable, triple-sided water dispensing unit with two antibacterial bottle refill nozzles and a drinking fountain. It has a stable base and is WaterMark certified, child-friendly, and wheelchair-accessible. The unit has built-in water filters. It can be delivered, set up, tested, packed down, and collected, and event day service or on-call event service is available. The hoses are covered with reflective trafficable bump stops, and the unit is cleaned and sanitized monthly. Custom branding is available.
